

## More Sponsor Opportunities

In February, the Chamber hosts the “**Mayor’s Breakfast**” where new businesses and those who have made continued investment in our community are recognized along with businesses who have achieved time period milestones. The Mayor also gives the “State of the City” address.

The Chamber hosts an “**Open House**” for new and old chamber members to get a better understanding of the chamber benefits and their value.

The Chamber Website, [www.kendallvillechamber.com](http://www.kendallvillechamber.com) offers sponsor opportunities on the *Member Directory*. The Home Page receives well over 20,000 hits each month.

**Chamber Checks** are just like gift certificates, purchased by individuals and businesses to use for employee incentives and gifts. These checks can be redeemed at many participating member businesses in our community. All sponsors have their logo placed on the highly visible check stub.

**The Kendallville Chamber plans many events throughout the year to give businesses and their employees the opportunity to network with each other.**

## “Spare Time with the Chamber” Bowling is in November.

Our **Golf Outing** event is in August at one of our area golf courses.

Members have the opportunity to promote their business during Chamber events. These events purposely bring our members together to network and build relationships with others in our community. Sponsor levels are created for Members to choose what best fits them. The business logos are seen by all those who attend.
